**DORROUGHBY
ENVIRONMENTAL
EDUCATION CENTRE**

Incursions K-6

Dorrroughby Environmental Education Centre is a NSW Department of Education school that supports local school communities. Experienced teachers provide curriculum based programs for students K-12 at your school and nearby sites.

ES1-S1

**Go Native! -Native Flora and Fauna
Science-Geography-Sustainability**
Insects - anatomy, camouflage,
phasmids. School Safari - habitat.
Botanical Art - microscopes, drawing.
Native animals - games.

S2 Science, Art, Geography - Who loves invertebrates?

Students focus on terrestrial invertebrates and their roles in Earth's ecosystems. Students will study invertebrates under the microscope and make a stop motion production on iPads consolidating the day's learning.

S2-3 SOIL ROCKS!! Beneath Our Feet - Science

Investigate soil- take part in erosion activity-look at rock samples under microscopes-create soil crayons and use them in art activity.

ES1-S1

Need for Shelter - with Bunya the School Fairy
Meet Bunya the School Fairy
- Habitat survey -
Treasure Hunt - Create bird's nests and eggs - nestbox activity- Native animals- games.

S2-3 - Cat on the Island Drama-Sustainability-Literature

Using as stimulus the book *Cat on the Island*, students explore human impact on a small NZ island. Students discuss environmental literacy and the story from a conservation point of view. Students then decide on which key points of the book to dramatise, create a script based on the conservation messages of the book, create props, and present/film the play.

ES1-S1 Science

Students learn about the importance of water, how our catchment works, pollution with Danny the Drip, and participate in a giant bubble making activity.

S2-3 Sustainability - Science

Students take part in an Environmental workshop - outlining the causes and effects of greenhouse gases on our Earth and the basis of Climate Change. Energy, Water, Biodiversity and Waste audits are conducted within the school grounds. Optional - students create a School Environmental Management Plan (SEMP) OR another environmental activity.

S2-3 Sustainability - Science

Inspection of Gliders - biodiversity audit of school grounds- investigate hollows with camera - nestbox activity - create a student led action plan for their school grounds.
